INTERNATIONAL  
HOLIDAY HOMES TO RENT

**INFINITY HOUSE, KHANDALA BY RAJAN GOREGAOKAR**

**Winner of: India's Most Memorable Luxe Vacation Home**

A plush home overlooks the lush landscape of Khandala. At the centre of this magnificently designed structure is an infinity swimming pool which is built to help you breathe in the beauty of the mountains. The pool visually connects the interiors of the house to the nature on the outside. The home is constructed using the Flat Slab construction technique with a stunning Brazilian granite used as a feature wall in the living room. The entire house is designed around a contemporary monotone theme which forms a classic contrast with the green foliage surrounding the home. All in all, this four-BHK house is made to soak in some sun and happiness while sitting in the lap of nature.

**SURVARNA SANGAM, UDUPI  
BY ARCHITECT BHARAT BAHETI**

**Winner of: India's Most Memorable Waterfront Vacation Home**

Overlooking the backwaters in Udupi, this home is carefully located on the convergence of the Suvarna river. Its vibrant yellow façade juxtaposes with verdant coconut trees interspersed within the estate. The artistically done interiors are inspired by the property's surroundings, bathed in swatches of beige and rust. But what is sure to catch your attention is the redesigned roof constructed to withstand the heavy Udupi rain, one that contributes to the property's cosy village home ambiance.
